### Market Report: Nov. 18, 2021

Had an excellent run of fats with a market that took a step forward, sending the top fats out at 133.50. We followed with a large run of weigh cows and bulls finding a market that was not so attractive, sending the bulk of the cows out from 50 to 61. We finished the afternoon with a short run of feeders. If you are wanting to move any stock, we would be more than happy to stop out and visit with you about our upcoming specials in feeders, cows or fats.

We would like to welcome Tim Baumert to the team here at West Point Livestock. Tim will be our new field representative.
