

Welcome Lauren Strait, MD

Vascular Surgery

Now seeing patients
in Morgantown
and Weston

Vandalia Health is pleased to welcome **Dr. Lauren Strait**, a vascular surgeon who cares for patients with conditions that affect blood flow and circulation. She offers advanced imaging, minimally invasive procedures and surgical care that help improve circulation and support long-term vascular health.

Dr. Strait is now seeing patients in Morgantown and Weston. She joins a team committed to early diagnosis, better outcomes and care tailored to each patient.

Comprehensive vascular services include:

- Peripheral artery disease
- Aneurysm evaluation and treatment
- Carotid artery disease
- Venous disease and varicose veins
- Vascular ultrasound and diagnostic testing
- Endovascular and surgical vascular procedures
- Limb preservation and circulation management

Specialized vascular care. *Close to home.*
