

Care that
knows you

Not just your
symptoms

Michael Johnson, DO
Weston

Don't wait until something is wrong to see a provider.

Vandalia Health Primary Care helps you stay ahead with regular checkups, screenings and personalized guidance for long-term health.

Establishing care today means fewer surprises tomorrow and a provider who knows your history, wellness goals and lifestyle. Preventive care is the best care, and it's easy to get started.

- + Comprehensive care close to home
- + Preventive visits that help you stay active and independent
- + Support for long-term conditions with a provider who knows you
- + A familiar face for both routine needs and urgent concerns

Schedule your wellness visit *today*
