# Letter from the Chairman

The Hope Scholarship Program has empowered thousands of parents and students to find the education that fits their unique needs. I'm proud to report that our Hope participation numbers continue to grow at an incredible rate. In the 2024-2025 school year, we had more than 10,500 students, which is almost double the number of students who participated the previous year.

To meet this increasing demand, my Office continues to further improve our processes so when the program fully expands in the 2026-2027 school year, we are ready to serve up to 42,000 expected students. That means working with our vendor, Student First Technologies, and the Hope Scholarship Board to continue streamlining processes and get as many systems in place as possible. At the same time, we have brought on more staff to better serve the families under Hope. We are ready and excited to welcome more students into the program.

As a father of six children, I know first-hand that each child learns differently and has different metrics for success. That's why I have made it a priority to visit schools across our state, hear from school administrators, families, and students about how the Hope Scholarship has benefited them, sharing their stories on our social media pages, along with discussing ways we can improve the program. The worst thing we can do is create a one-size-fits-all system that traps a student that may not work for them. Because at the end of the day, this is all about ensuring we put students first.

This summer, the Hope Scholarship Board approved an online learning platform, Outschoo!, which offers students a wide range of small-group, online classes. This is a big deal for our Individualized Instructional Plan students, especially as we see a record number of students from the homeschool community coming into the program. Once again, we continue to find ways to provide more resources for parents and students alike.

For West Virginia to continue to lead the nation in education freedom, we must always be thinking about ways to inject innovation into the Hope Scholarship Program as well as every other form

of schooling in the Mountain State. If we are truly going to create a more prosperous future for the next generation of West Virginians, education must be a top priority.

I want to express my sincere thanks to the Hope Scholarship Board, our staff and the families involved in this program for their hard work as we worked diligently to operate this program and to address the growing demand. My team is proud to help every family and child be able to obtain the educational opportunities they believe work best for them. We know every child deserves a shot at a bright future – and that's what the Hope Scholarship offers.

Sincerely,

# 2024-2025 Year in Review

## HOPE SCHOLARSHIP IMPACT

In its third year, West Virginia’s Hope Scholarship Program nearly doubled participation, offering more than 10,000 students an opportunity to build a learning experience that works best for their educational needs. The Hope Scholarship allows qualifying West Virginia K-12 students an opportunity to receive financial assistance that can be used for tuition, homeschool curriculum, and other qualifying expenses.

10,530

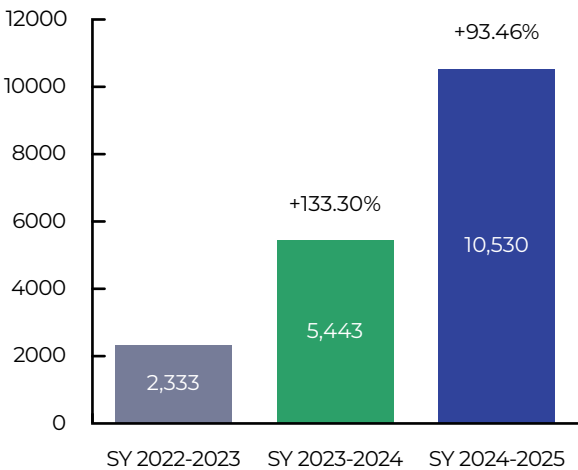

TOTAL SCHOLARSHIPS AWARDED

1,224	Ineligible
1,931	Expired*

\*Applications marked expired were initially awarded, but the student subsequently decided not to participate in the program during the 2024-2025 academic year.

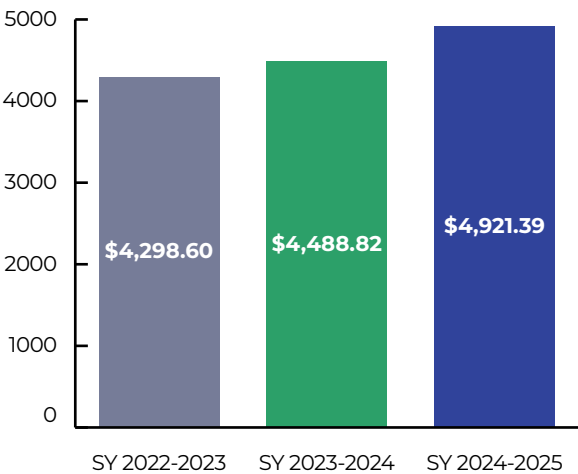

## ANNUAL SCHOLARSHIPS AWARDED

The Hope Scholarship Program had significant year-over-year growth. Program participation grew from 2,333 students in 2022-2023 to 10,530 students in 2024-2025.

## ANNUAL SCHOLARSHIP AMOUNT

The Hope Scholarship award amount varies each school year depending on the amount of state aid funding per pupil provided to county boards of education for public school students. The scholarship amount for the 2024-2025 school year per pupil was set at \$4,921.39. The chart shows how that number has changed (based on the state aid funding formula) over the life of the scholarship program.

## YEAR-ROUND APPLICATION POLICY

The 2024-2025 academic year saw a significant shift with the Hope Scholarship Board (Board) adopting a year-round application window policy to expand program access. Under the new timetable, a new student application submitted within the dates below received the associated level of Hope Scholarship funding. The quarterly application windows were designed to allow for the year-round applications to be processed while also complying with state code.

Mar. 1 - Jun. 15	100% of Scholarship
Jun. 16 - Sep. 15	75% of Scholarship
Sep. 16 - Nov. 30	50% of Scholarship
Dec. 1 - Feb. 28	25% of Scholarship

The Hope Scholarship Act requires the Board to provide funds to Hope Scholarship students twice a year, with the first half of funds for an academic year provided by August 15 and the remaining half provided by January 15. Funds must be prorated for students participating for less than a full year.

## MILITARY FAMILY ELIGIBILITY

Another milestone in 2024-2025 included the Board approving an eligibility policy for children of West Virginia military service members. The [policy](#) allows children of military service members who are required to temporarily relocate to another state to participate in the program during their relocation and to remain Hope Scholarship eligible when they return to West Virginia. Hope Scholarship applicants are required to provide documentation demonstrating proof of West Virginia residency prior to the award of the scholarship according to the Board’s legislative rules. Families must maintain West Virginia as their primary state of legal residency, comply with all program rules and requirements, certify that they will not participate in any full-time public-school program, and provide a copy of the active military orders.

## MILITARY FAMILY TESTIMONIAL

“Without the addition of the military service member policy, AnnMarie (pictured above) was ineligible to apply for the Hope Scholarship. Thanks to the Hope Scholarship team’s responsive and willing attitude, this military child has access to the same options for quality education as every other West Virginia child.”

# Program Overview

## WHAT IS HOPE SCHOLARSHIP?

West Virginia's Hope Scholarship is an educational savings account program available to qualified kindergarten through 12th grade students in the state. It's designed to allow parents and guardians to use the state portion of their child's education funding to tailor a learning experience that works best for their child.

## WHO IS ELIGIBLE?

During the 2024-2025 school year, eligible Hope Scholarship applicants were required to be West Virginia residents and meet one of the following requirements:

- Enrolled full-time in a public elementary or secondary school program for the entire preceding academic year;
- Enrolled full-time and attended a public elementary or secondary school program in the state for at least 45 consecutive calendar days during an instructional term at the time of application. (The student must have remained enrolled and attended public school until a decision was reached on their application.); or
- Eligible to be enrolled in kindergarten for the 2024-2025 school year.

For the 2026-2027 school year, eligibility will expand to include all students who are eligible to be enrolled in a West Virginia public school. Existing private school and traditional homeschool students who have not previously been eligible for the program will be eligible to participate beginning in 2026. All future eligibility requirements are subject to changes to state law, legislative rules, and governing board policies.

## HOW DO STUDENTS APPLY?

Applications and program information are available online at [www.hopescholarshipwv.gov](http://www.hopescholarshipwv.gov). The Hope Scholarship Program accepts applications year-round with the scholarship award amount based on the quarterly application window detailed on the website.

## HOW IS THE HOPE SCHOLARSHIP DISTRIBUTED?

Hope Scholarship families have access to an online portal account for each eligible student. Funds are loaded to the student's account twice a year (August 15 and January 15). For students who are awarded a prorated amount of Hope Scholarship funds after one of the two primary funding dates, the Board deposits the prorated funds as soon as feasible.

## HOW IS HOPE SCHOLARSHIP MONEY SPENT?

Families spend their Hope Scholarship money directly through the Hope Scholarship online portal with participating schools, education service providers, and vendors for qualifying educational expenses. Below is a list of some common qualified expense. (The full list can be found in the [Parent Handbook](#) online.)

- Tuition and fees for private school, non-public online programs, or alternative education programs
- Services provided by a public school (extracurricular, individual courses)
- Tutoring services
- Fees for standardized or advanced placement exams
- Fees for preparation courses
- Educational services and therapies
- Supplemental materials (supplies, textbooks)
- Fees for after-school or summer education programs
- Any other qualifying expense as approved by the Board

The Board has also published a list of non-qualifying/unallowable expenses that can be found [online](#). Hope Scholarship funds are not sent to the parents. Reimbursements for payments made out-of-pocket with non-Hope Scholarship funds are only considered in limited circumstances as defined in the Hope Scholarship Reimbursement Policy.

## WHAT HAPPENS TO UNSPENT SCHOLARSHIP MONEY?

Remaining Hope Scholarship funds rollover into the new school year as long as a student remains eligible for the program and submits the required Continued Participation Confirmation by the appropriate deadline. If a student does not participate in the program the following year, unused funds are returned to the state.

## RECIPIENT TESTIMONIAL

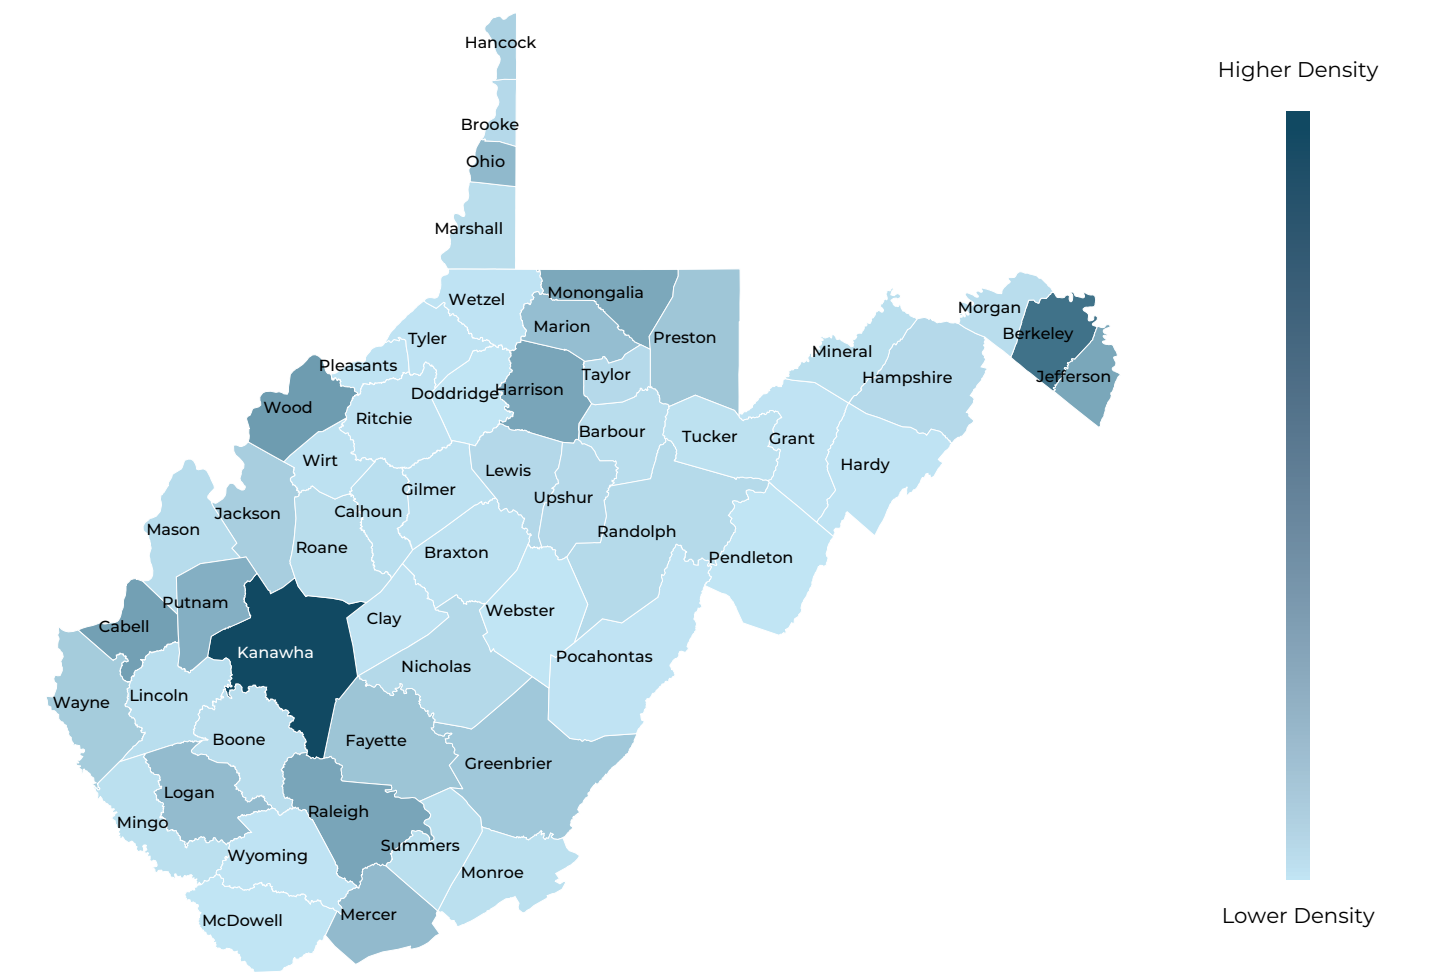

“We realized that with the Hope Scholarship and help financially, we would be able to explore options for our son that were better tailored to his specific needs.

Without the option of the Hope Scholarship, I think our family would still be in a place of struggle with our son, academically.”

## RECIPIENTS (by County)

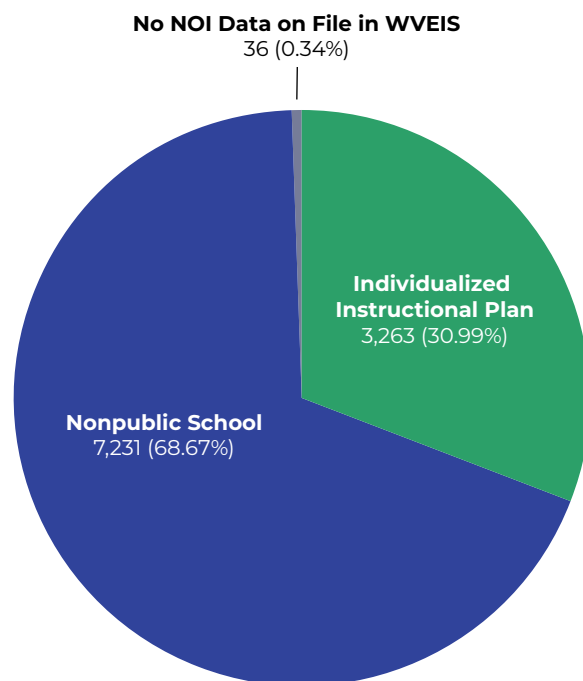

Students in all of West Virginia’s 55 counties are taking advantage of the Hope Scholarship as they choose an educational pathway that works best for their needs. Below is a county breakdown of the 2024-2025 Hope Scholarship recipients.

Note: A list of Hope Scholarship recipients broken down by zip code may be found in the appendix.

## RECIPIENTS (by Educational Pathway)

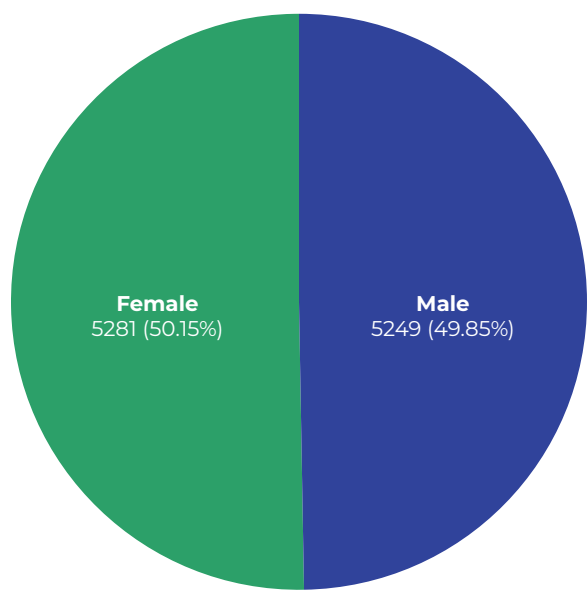

With Hope Scholarship, West Virginia students have the opportunity to choose their learning environment. For some students, that means enrolling in a private school or a nonpublic school. For others, it means customizing their educational experience at home or another location, such as a microschool, through an Individualized Instructional Plan (IIP). The accompanying chart is a breakdown of the educational pathways for the 2024-2025 Hope Scholarship students as identified on the Notice of Intent (NOI) sent to the student's local county board of education.

# Recipient Diversity

Every child deserves access to an educational path that fits their individual needs. The charts below break down the key demographic data for 2024-2025 Hope Scholarship recipients.

RECIPIENTS (by Gender)

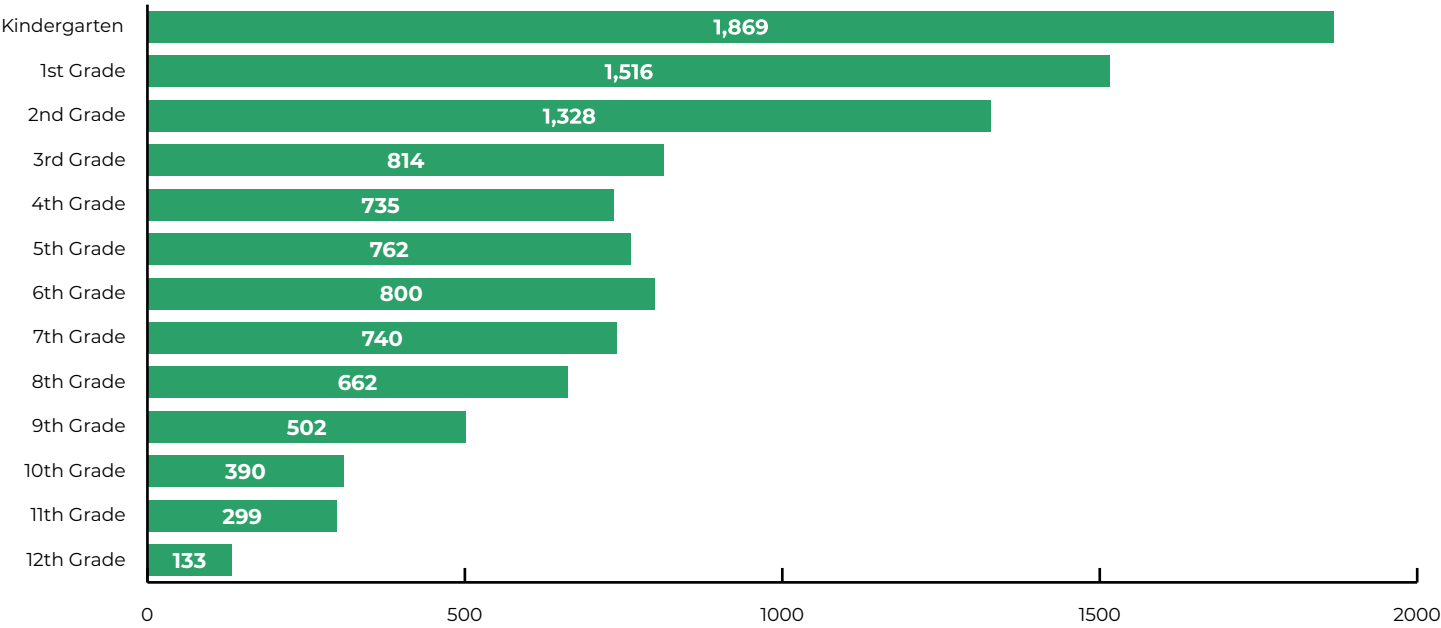

RECIPIENTS (by Ethnicity)

Ethnicity	# of Recipients	% of Recipients	% of WV Population*
Hispanic	328	3.11%	2.20%
American Indian or Alaska Native	31	0.29%	0.30%
Black or African American	488	4.63%	3.80%
Asian	169	1.60%	0.90%
Native Hawaiian or Pacific Islander	16	0.15%	< 0.50%
White	9,275	88.08%	92.80%
Race Not Provided / Unknown	223	2.12%	-
Total	10,530	100%	100%

Note: West Virginia general population racial breakdown according to 2023 U.S. Census estimates. U.S. Census population estimates include 2.1% of population as "Two or More Races" which is not factored into Hope Scholarship demographic data.

RECIPIENTS (by Grade)

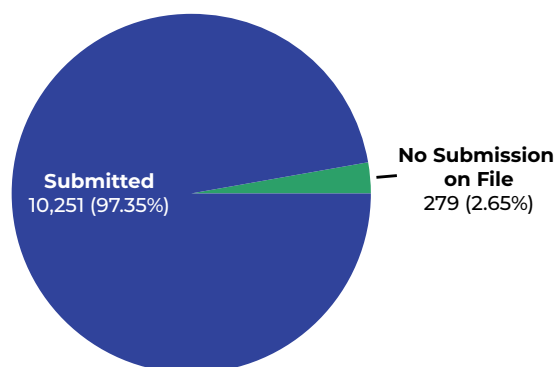

# Academic Progress

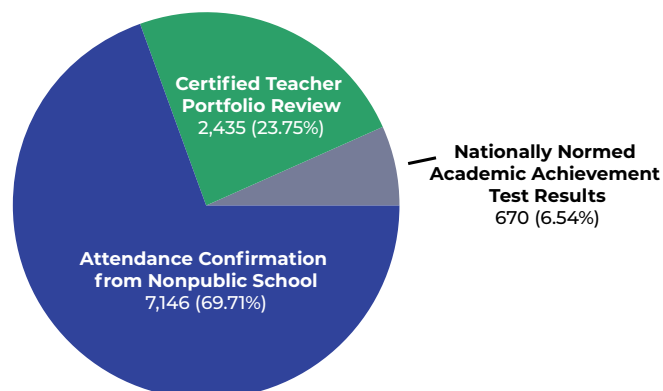

All Hope Scholarship students are required to annually file satisfactory academic progress data with their local county board of education. For students attending a participating school, the nonpublic school submits a list of all Hope students attending their school to the county board of education. Individualized Instructional Plan (IIP) students may submit a certified teacher portfolio review or nationally normed academic achievement test results.

Failure to submit satisfactory academic progress data results in the closure of the student's Hope Scholarship account and the student is ineligible to participate in the subsequent school year.

# Payment Summary

West Virginia's Hope Scholarship is one of the nation's most flexible programs of its kind. It allows families to spend scholarship money through a secure online portal on everything from school tuition to online curriculum to educational fees and supplies. Unspent balances in student accounts at the end of the academic year carry over into the following year. If a student does not participate in the Hope Scholarship Program the following year for any reason, the funds are returned to the state. Reimbursements for payments made out-of-pocket are considered in limited circumstances as defined in the Hope Scholarship Reimbursement Policy and are the only instance where Hope Scholarship funds are shared with parents. Below are comparison tables of annual spending since program inception.

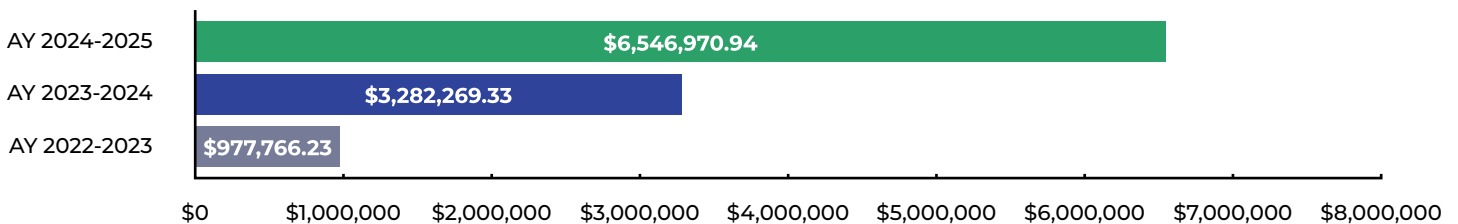

## ANNUAL NONPUBLIC SCHOOL PAYMENTS

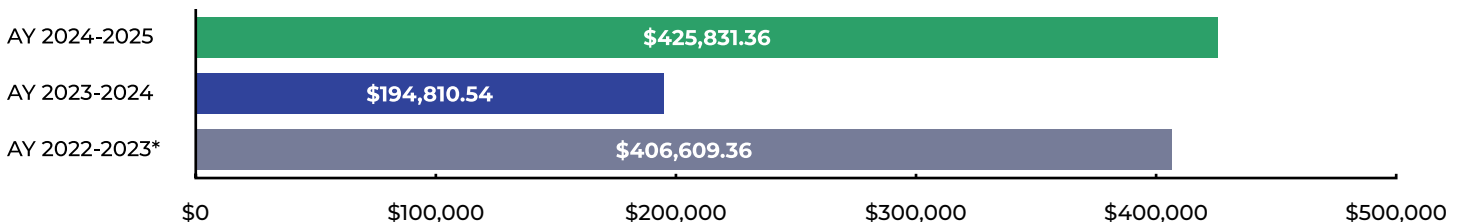

## ANNUAL EDUCATION SERVICE PROVIDERS PAYMENTS

## ANNUAL SUPPLIER PAYMENTS

## ANNUAL STUDENT REIMBURSEMENT PAYMENTS

\*Note: Reimbursements were abnormally high during 2022-2023 due to the injunction against the program which necessitated reimbursement for the first semester of the school year.

# Financial Summary

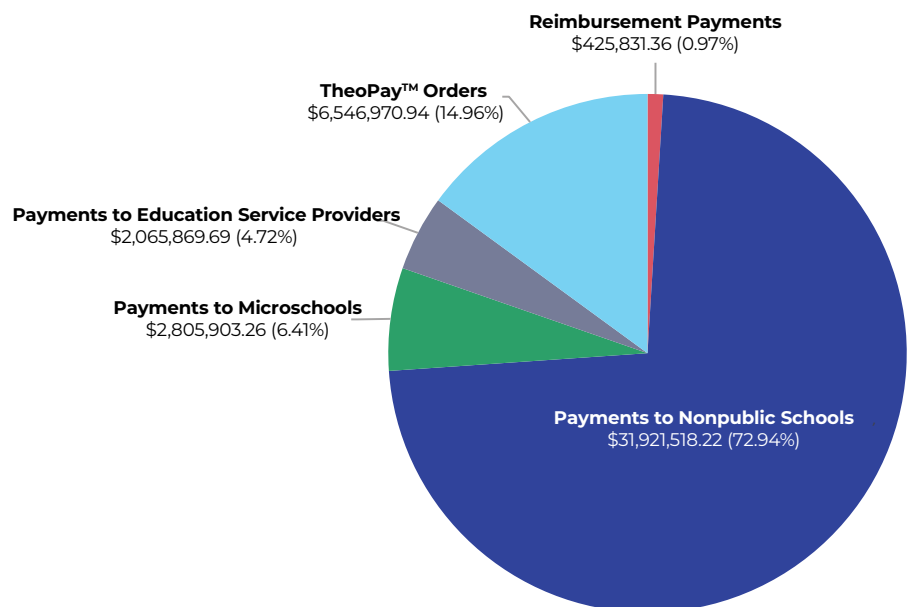

## 2024-2025 HOPE SCHOLARSHIP SPENDING

Unspent Balance in Student Accounts 2023-2024	\$3,125,341.06
Less Amounts Not Transferred to New Program Manager	(610,839.07)
Restated Unspent Balance in Student Accounts 2023-2024	2,514,501.99
Funds Transferred to Student Accounts 2024-2025	48,898,208.21
Returns/Refunds/Rebates/Adjustments 2024-2025	337,470.44
Total Spending from Student Accounts 2024-2025	(43,766,093.47)
Unspent Balance in Student Accounts 2024-2025	\$7,984,087.17

Note: The full unspent balance in student accounts at the end of the 2023-2024 school year was not transferred to the Hope Scholarship Program's new program manager to begin the 2024-2025 school year. Each student account balance from 2023-2024 was analyzed to determine if the student had reapplied for the 2024-2025 school year. The \$610,839.07 carryover balance for students who failed to reapply was retained in the Hope Scholarship Fund instead of transferred to establish a student digital wallet in the new online platform. Also, subsequent to the end of the 2024-2025 school year, the program manager returned \$1,856,183.06 of Hope Scholarship funds for students who ceased participation in the program during or at the conclusion of the 2024-2025 school year. Since this transfer occurred in the new fiscal year, it is not reflected in the financial summary for 2024-2025.

## 2024-2025 HOPE SCHOLARSHIP PAYMENTS

Hope Scholarship participants can spend their funds in a variety of ways. Directly through the Hope Scholarship online portal, participants can place orders to purchase educational items using TheoPay™, can pay tuition and fees to a participating nonpublic school or microschool, or can place orders for services from a participating education service provider. In addition, participants can make certain purchases out-of-pocket and submit reimbursement requests through the online portal. This chart shows the breakdown of Hope Scholarship spending for the 2024-2025 school year.

# Financial Summary

As Hope Scholarship recipients choose a learning pathway that best fits their needs, participating nonpublic schools and microschools are popular options. Under the Hope Scholarship Program, participating nonpublic schools are private or parochial schools, while the statutory definition of microschool indicates that they are an alternative to private school. West Virginia Code §18-8-1(n)(1)(B) defines a microschool as a “school initiated by one or more teachers or an entity created to operate a school that charges tuition for the students who enroll....” There is no limit to the number of students who can attend a West Virginia microschool. All nonpublic schools and microschools operate independently from the public school system. Below are lists of the top 10 nonpublic schools and microschools receiving Hope Scholarship funds during the 2024-2025 school year based on the total amount paid to each school. Complete lists of the total 2024-2025 payments to all nonpublic schools and microschools are available in the Appendix.

# Financial Summary

The Hope Scholarship Program is unique among the various state Education Savings Account (ESA) Programs. West Virginia is currently the only state to utilize an open marketplace purchasing model, coupled with pre-adjudicated preliminary eligibility determinations, for families to purchase educational goods and commodities, which provides maximum flexibility and creativity for program participants. Other ESA programs offer a closed marketplace experience where participants shop from a pre-approved list of items offered at a set price by a pre-approved list of suppliers. In contrast, the Hope Scholarship Program's open marketplace is facilitated through Student First Technologies' TheoPay™ application, which allows Hope Scholarship account holders to place order requests for goods and commodities directly from TheoPay™ enabled vendor websites using a special browser extension. Although not all items offered for sale on a Theo-Pay enabled website are qualifying expenses under the Hope Scholarship Program, participants are not limited to only selecting pre-approved items for purchase, enabling them to request items to meet their student's unique educational needs. TheoPay™ uses a proprietary machine-learning model, trained on the program-specific rules, to conduct an initial automated eligibility review of the items placed in the account holder's shopping cart. Items flagged as potentially unallowable can be removed by the account holder or submitted for manual justification and review. All TheoPay™ order submissions are manually reviewed by a member of the Student First Technologies fulfillment team who confirms the eligibility of each item requested. The fulfillment team member then places the order on the vendor's website and ships the item directly to the student's home. Unallowable or out-of-stock items are not ordered. Additionally, account holders are contacted if there has been a significant price increase between the time the order request was submitted and the time the order was being fulfilled to confirm that they still wish to order the item with their scholarship funds.

Below are the top 10 TheoPay™ Vendors receiving payments during the 2024-2025 school year, based on the total amount of spending with each vendor. A chart summarizing TheoPay™ purchases by category of expense is displayed on the subsequent page.

\*Note: The TheoPay™ data for the 2024-2025 school year was not captured in a way to easily facilitate reporting by category of expense. The WVSTO utilized the data available in the Family Notes field, which was added at the end of September 2024, to attempt to categorize the individual items purchased to the extent possible. For purchases made directly with Amazon, a report from the Amazon system which used commodity codes assigned by the item manufacturers was utilized to classify those purchases into expense categories for the annual report. Approximately 10% of the purchases for the 2024-2025 school year are listed as Unclassified since the Family Notes field did not exist for the first two months of TheoPay™ spending and purchases were made with vendors other than Amazon. The program has made significant improvements in the way the TheoPay™ data is being captured for the 2025-2026 school so these data limitations are not expected moving forward.

## FAMILY REIMBURSEMENTS (by Category)

All purchases made by Hope Scholarship families are generally made directly using the Hope Scholarship online marketplace. However, the Board has authorized expense reimbursements for limited or specialized out-of-pocket expenses under the Board's Reimbursement Policy. To help facilitate purchases during implementation of the online TheoPay™ system, the Board voted to temporarily expand the Hope Scholarship Reimbursement Policy to include school uniforms, technology equipment, basic school supplies, musical instruments, etc. that were purchased between August 15 to December 31, 2024. Such items are not part of the Board's standard Reimbursement Policy that was in effect for the remainder of the school year.

## PAYMENT DISTRIBUTIONS

The majority of Hope Scholarship payments are distributed to schools and education service providers located in West Virginia. However, to give West Virginia families the opportunity to secure educational services and tools that best accommodate the needs of their students, the Hope Scholarship Act does not require participating schools or education service providers to be physically located in West Virginia. Nonpublic schools, virtual schools, or online service providers might be based out-of-state and registered to provide services to West Virginia students. Data with spending by state is provided below, with additional spending details by school and service provider available in the Appendix.
