As a lifelong resident and business owner in Bridgeport, I pride myself on being a fair and honest individual. I raised my family here, and I have given back to my community, including serving as mayor for the past eight years. My reputation is important to me, and I cannot sit idly by while others attempt to tarnish the goodwill and respect I have hopefully built within my community.

The recent lawsuit filed by the Past City Manager of the City of Bridgeport has insinuated, that I have acted in vengeful and inappropriate ways in the handling of City business, most of all in pursuit of personal gain. I will not stand for this. While the City follows their own standards of protocol, I fully intend to pursue legal action by me to set the record straight and restore my reputation. I am dedicated to showing my community that I am the trustworthy official, neighbor, and friend you voted into office eight years ago.
