OPERATOR - The violations in operating procedure or physical arrangement indicated below must be corrected by the next routine inspection or by a date specified in this report.

Observed Violations
<p>10. Safety Requirements 10.5 - A recreational water facility shall be equipped with a readily available, fully stocked first aid kit according to the provisions in subsection 2.5 of this rule. Observation: First aid kit on site does not meet requirements as listed in WV 64 CSR 16 Section 2.5; first aid kit must be updated</p> <p>11. Routine Maintenance and Operation. 11.1.A - A recreational water facility shall keep deck areas, sidewalks and other areas around the recreational water facility and bath house clean. Observation: 1. Large hole in the sand/dirt of the beach area; significant trip hazard; needs corrected 2. Multiple trip hazards around the water fountain and bathroom (water meters, drains, etc.); needs to either be flush with the ground or clearly marked as a hazard</p> <p>12. Bathhouses, Concessions, and Other Appurtenant Facilities. 12.2 - A recreational water facility shall keep bathhouses, clothing storage facilities, toilet facilities, shower facilities and other appurtenant facilities in good repair and in a clean, sanitary condition. Observation: Restroom facilities do not meet code requirements for a recreational water facility; updates must occur prior to resumption of service.</p> <p>09. Supervision of Patrons 9.4 - The recreational water facility shall prominently post the rules applicable to patron behavior so as to be readily visible to the patrons. Observation: Signage displaying rules for patron behavior should be clearly posted.</p>

Inspection Outcome

Comments
Facility is closed until repairs can be made to the water lines supplying the park.
