## BOWLING'S TITLE FORMULA: WIN RACES

BY JOE CHANDLER  
GAZETTE-VIRGINIAN

The way Matt Bowling sees it the formula for winning the South Boston Speedway NASCAR Whelen All American Series Late Model Stock Car Division title is simple – win races.

Bowling, who is gunning for his second career South Boston Speedway championship, leads two-time NASCAR Whelen All American Series national champion Lee Pulliam of Alton by 25 points entering Saturday night's twin 75-lap NASCAR Whelen All American Series Late Model Stock Car Division races, the co-feature event with the night's PASS Super Late Model 150.

The Ridgeway, Virginia resident has two wins while Pulliam has won seven of his 14 starts. Unwavering consistency along with some ill-timed misfortune on Pulliam's part

have been the ingredients that have allowed Bowling to sit on top of the standings for the past month or so.

Bowling not finished outside of the top three in his last five starts, with one win in that span. Pulliam, on the other hand, has had finishes of 10th, 15th and 13th to go along with three wins in his last six starts.

With just four nights of racing and a total of seven NASCAR Whelen All American Series Late Model Stock Car Division races remaining at South Boston Speedway this season, Bowling says he needs to win some races in order to claim the track championship.

"We've just got to win," Bowling said.

"The only way we're going to win this championship is to keep winning races. You know the guy in second (Pulliam) is going to be right there,
